

**UBC Department of Medicine  
Internal Medicine  
Out of Province Fellowship Relocation Leave Policy**

---

Residents in their third year who have been accepted to out-of-province fellowship programs are granted five (5) days leave to relocate. These five days are the last five calendar days of Block 13; June 26 to June 30.

Residents must ensure they satisfy the 75% rule for block 13.

Therefore, should a resident who is required to relocate have a previously scheduled week of vacation during the block, they can either:

- a) request the week be moved to the last week of the block, or
- b) request to move the week to another block during the academic year\*.

\*Requests to move vacations to another block must adhere to the vacation change policies and process.

*Previous Policy*

Residents in their third year who have been accepted to out-of-province fellowship programs are granted five (5) days leave to relocate. These five days are the last five calendar days of Block 13 (June 26 to June 30). Residents must ensure they satisfy the 75% rule for Block 13.
